

# 8<sup>ème</sup> Championnat du Monde SURFCASTING PAIRES

**Gruissan France**  
du 11 au 18 Avril 2026

**Jean-Luc QUERNEC**

**President**

**FFPS**

Welcome to the 2026 World Championship shore angling pair.

We are proud to host this Championship, here in the heart of Occitania, France.

This major event, organized by the Occitanie Regional Committee of the French Federation of Sport Fishing, will gather passionate anglers from all over the world on the stunning beaches of Gruissan and Saint-Pierre-la-Mer. It's a celebration of sport, community, and a shared respect for our oceans.

With its breathtaking coastline and warm Mediterranean spirit, Gruissan will serve as the main hub for the championship. It's the perfect setting for both high-level competition and unforgettable moments of friendship and discovery.

On behalf of the French Federation of Sport Fishing, I would like to sincerely thank the many volunteers, partners, local authorities and organizations whose energy and dedication make this event possible. You are the driving force behind its success.

To all athletes, coaches, officials, and visitors — we hope you enjoy every moment of your stay here in Occitania. May this championship be full of great performances, fair play, and lasting memories.

**Welcome to Gruissan. Welcome to France. And best of luck to everyone!**

**Audrey NUTTENS**

**Vice president FFPS**

**Sea division manager**

The **Sea Division of the FFPS** is happy to host the **8th World Championship shore angling pair**.

The event will be run by the **Gruissan Surf Casting Club**, led by **Jonathan Vallières**, with support from the towns of Gruissan and Saint-Pierre-la-Mer. I know their team will do a great job.

In spring, you'll enjoy the charm of our southern coast — plenty of sunshine, the clear blue Mediterranean Sea, calm weather, and pleasant temperatures. You'll also find many fish species waiting for you!

But be careful — the wind here can be strong.

During your free time, try local dishes like snails, cassoulet, fruit clafoutis, and the wines of Languedoc (drink responsibly). You can also visit the salt marshes, the wooden chalets of Gruissan, the seaside city of Narbonne, or the cliffs of Leucate.

We look forward to welcoming you to **Occitanie**, one of the most beautiful regions of France. Get ready — this championship will be a success!

Good luck to all, and may the best pairs win!

**Didier CODORNIU**  
**The mayor of GRUISSAN**

It's a great honor for **Gruissan** to host the **World Surfcasting Championship** from **April 11 to 18, 2026**, organized by the **Gruissan Surf Casting Club**.

This event will bring together top anglers from around the world to compete on our famous beaches, in full respect of sport and the sea.

After Italy in 2025, it's now France's turn — and Gruissan's — to welcome this international competition.

I want to thank the local club for its hard work and passion. Their results show their skill and dedication.

This championship is more than a contest. It's about sharing values — **respect for nature, friendship between nations, and love for fishing**.

Gruissan, a town of fishing traditions, offers an amazing natural setting — from its chalets to Mateille Beach. We hope each session will be a moment of sport, discovery, and connection.

Let's meet on our beaches and make this championship an unforgettable event — for Gruissan, for France, and for all surfcasting fans.

Welcome to Gruissan, and enjoy the competition!

**André-Luc MONTAGNIER**  
**The mayor of FLEURY-D'AUDE**

Dear anglers,

It's always a pleasure to welcome people who share our love for nature — wild, generous, and powerful.

You know that feeling of being close to nature, feeling its strength and beauty. Here, we share the same spirit.

On our beaches, we believe humans and nature can live in harmony.

Welcome to our coast, and enjoy your time in the competition.

Best wishes,

**Marc VALLIERES**

**President of the organizing club**

**Gruissan Surfcasting Club**

I am proud to welcome you to the **8th World Championship shore angling pair**.

This event means more than sport. It represents our shared values — **commitment, respect, teamwork, and passion**.

Our club will do everything to make the organization friendly and professional. I thank the Federation, all volunteers, partners, and officials for their help and trust.

I hope every team will enjoy the competition and thier time here with us— full of fair play and good memories.

Good luck to all, and may the best pairs win!

# Gruissan

- Located about 15 km south-east of Narbonne, Gruissan (5,068 inhabitants in 2022) covers 43.6 km<sup>2</sup> between the Mediterranean Sea, ponds and the La Clape massif
- Listed in the Narbonnaise Regional Natural Park in the Mediterranean, it combines nature protection and tourist attractions

## **The old village and the Barbarossa Tower**

- Gruissan has a circulade from the tenth/eleventh century: the old circular village is built around the Barbarossa Tower, a vestige of the medieval castle
- The Barbarossa Tower, once a defensive castle built to guard the entrance to the port of Narbonne, was partly destroyed on the orders of Richelieu in the seventeenth century; now a historical monument, it offers a spectacular panorama of the village, the ponds and the coast

## **Beaches & water activities**

- The **beach of the chalets**, famous for its cabins on stilts (seen in the film *37°2 in the morning*), is vast, wild, and often referred to as the most beautiful in the Gruissan Mediterranean region.
- Other beaches such as Mateille, Vieille Nouvelle, Grazel and Ayguades offer kitesurfing, windsurfing, swimming, with some naturist areas

## **Nature and heritage**

- The **La Clape massif**, at the back of the town, is an exceptional natural site: forests, scrubland, vineyards, Notre-Dame des Auzils chapel, marked hiking trails, and panoramic views.
- The **salt pans of the island of Saint-Martin** date back to Roman times and are still in operation. The ecomuseum reveals the history of "white salt" and allows you to discover pink landscapes due to halophilic algae.

## **Local life & culture**

- A former fishing village, Gruissan retains a maritime identity typical of Languedoc, with restaurants and markets focused on seafood, fleur de sel, brasucade, sardinades...
- Religious heritage: Notre-Dame de l'Assomption church at the foot of the tower, Auzils chapel with marine exvotos, pilgrimages at Easter, Pentecost and 15 August.

## **Why visit?**

Gruissan combines an exceptional historical heritage (circulade, castle, chapel), natural treasures (beaches, salt marshes, massif) and a variety of activities (water sports, local gastronomy, summer entertainment) in a protected Mediterranean setting.

# THE TRACES

- ASSEMBLY 1 :

Line-body 40 to 60/100, rolling or drilled beads, 2 stacks from 1m to 2m, leader from 16/100 to 25/100. Short shank hooks.

- ASSEMBLY 2 :

Line-body 40 to 60/100, rolling or pierced beads, 3 stacks 60 cm to 1m50, leaders from 16/100 to 25/100. Short shank hooks.

**Only single hooks, regardless of their shape, are allowed. They must have an opening (gape) of at least 5 mm. Any person found in possession of hooks of a size not allowed will be disqualified.**

The minimum size for any type of fish is set at twelve (12) cm, measured from the tip of the snout to the tip of the tail (closed). The following are not included in the valid catch: sardines, molluscs, crustaceans and marine mammals which, if caught, must be returned to the water immediately alive and un mutilated.

# FISH

The fish will be measured by the onboard referees; the length and species of the fish will be recorded on the athlete's sheet. The FIPS-M regulations are strictly enforced and can be downloaded at: [www.fips-m.org](http://www.fips-m.org)

## **Ranking with "Catch and Release" conversion table (see appendix):**

- Points will be awarded according to the conversion table according to the size and species of the fish;
- 1 point per fish will be awarded for each fish under 12 cm.

## **ESSENTIAL ANTI-DOPING ADVICE**

### **GENERAL INFORMATION**

The athletes participating in the Championship, with the registration, implicitly accept all WADA anti-doping rules. Athlete whose illness or condition requires treatment with a prohibited substance or method must apply to CIPS for a Therapeutic Use Exemption (TUE) following the CIPS strict TUE application process.

He/she shall then use the application form, which can be downloaded from the ITA website: <https://ita.sport/resource/international-testing-agency-therapeutic-use-exemption-tue-application-form/>

The TUE request has to be sent to the following address: [tue@ita.sport](mailto:tue@ita.sport)

Athletes must therefore consult the Prohibited List <https://www.wada-ama.org/en/prohibited-list>. If the TUE is granted, the athlete will then be permitted to use the medication during the period of validity of the TUE without committing an Anti-Doping Rules Violation (ADRV).

Regardless of whether a TUE has been granted or not, athletes should always declare on the doping control forms filled out during sample collection any medications and supplements taken within the seven days prior to sample collection, and any blood transfusions in the three months prior for blood samples.

If a TUE has already been granted by a NADO or by a RADO, the Athlete in question does not have to apply for any additional CIPS TUE, as CIPS recognizes all TUE granted by NADOs and RADOs.

Every athlete has the right to play a clean sport.
