## Invitation

Dear President,

The Portuguese Federation of Sportive Fishing, has the honour to invite the teams of pairs representing your Country, to take part in the 3<sup>rd</sup> World Championship Shore Angling in Pairs, that will be held in Tróia – Grândola from 21 to 28 of March 2020.

Portugal is a welcoming place and sportive fishing is a sport practiced by thousands of Portuguese, that have in their Federation the affirmation of their commitment to be, once more, stage to this great International event, mirroring the feeling of our anglers in welcoming the ones who will grace us with their participation.

In the name of FPPD, and in my personal name, I wish all who visit us a great stay and that this Championship reach your expectations and in an environment of peace, fair-play and, above all, friendship.

FPPD

The President

*Carlos Baptista*

## Competition Venues

### Atlantic Beach of Soltroia

Situated in the Peninsula of Troia, the Atlantic Beach has white sand dunes and a calm, clear sea, where, with luck, it may possible to watch dolphins swimming by.

### Carvalhal Beach

The Carvalhal Beach is the ideal beach for those who love nature. Situated in a valley, is well-protected from the wind that sometimes characterizes the Portuguese Beaches.

## Comporta Beach

Situated in the south of the Peninsula of Troia, the enormous sand area of the Comporta Beach is much sought after for the easy access, allied to an ample parking space.

Being in the limits of the Natural Reservation, this beach is a preserved natural space, where the vegetation is conserved and is surrounded by a pine forest.

## Pego Beach

Serene sea, spacious sandy area and white sand dunes make Pego Beach the image of tranquillity. Situated to south from the Carvalhal Beach (without any separation between the two) it benefits from all the same resources.

This beach is well known by the practitioners of Sportive Fishing and it's a usual host for Matches and Championships.

## **ESSENTIAL ANTI-DOPING ADVICE**

Athletes are reminded if they take any medication they must check it against the WADA Prohibited Substance & Methods list.

Particular attention must be paid to the use of anti- hypertensive agents, especially diuretics, which are popular in singular preparation and/or in a combination with other normally permitted drugs.

Diuretics are always forbidden.

For these reasons, it is necessary for every athlete or National Federation to check the list for prohibited substances and process a TUE as necessary. The Therapeutic Use Exemption (TUE) must be granted before taking a prohibited medication.

An application for a TUE must be requested 30 days before taking part in the championships. The application forms must be filled in carefully with your physician/doctor who must authorise the application. A physician's certificate or prescription on its own does not mean that the athlete has permission to use the prohibited substance or method.

The application should be completed either in English or French and sent directly to the office of the CIPS President.
