Española de Pesca y Casting

Dear athletes, captains and delegates:

As President of the Spanish Federation of Fishing and Casting I have the honor to greet and welcome athletes, captains and delegates, as well as delegates of the Fips mer, who will meet in Gandía (Valencia), between 18th and 23th September, to celebrate the XIV European Float Angling Championship.

The city of Gandía and its dynamic Diputation has been distinguished by its support to the sport, as an activity that generates values such as effort, self-discipline, respect and its integrating social capacity, which in sport fishing could add specific values such as Respect for aquatic ecosystems and the natural environment, as well as their great social transversality. This tradition of sports promotion characterizes Valencia. For that reason, both the Spanish Federation of Fishing and Casting and the Federation of Fishing of the Valencian Community, are proud and satisfied to have achieved that this European competition can be held on the beautiful beaches of Gandia.

Valencian Community and all its coastline is a tourist attraction of the first order. During these days you can check its climate, its magnificent beaches, its historical monuments and its excellent and varied gastronomy. Yourselves will check your welcome and hospitality, every time the world of competitive fishing knocks on your doors.

I would like to make public my thanks to Fips mer for granting the organization of this European Championship for Spain, without forgetting the recognition and support that the Higher Council of Sport has always lent to our sport.

But I don,t want to end these lines of greeting and welcome without expressing my satisfaction, my gratitude and sincere thanks to the Fishing Federation of the Valencian Community, for its dynamism, good management and brilliant promotion of the sport of fishing, which makes it In one of the great pillars of the Spanish Federation of Fishing and Casting (FEPYC).

From here I would like to thank all your organization, all your efficient and enthusiastic collaborators. This World Championship will shine with its own light of that I am sure.

Welcome and win the best!

D. Josep Miquel Moya
Director General de Deportes
Generalitat Valenciana

I want to thank the opportunity offered by the organization of the XIV European Float Angling Championship to welcome all participating delegations and wish them, on behalf of the Generalitat Valenciana, good luck, always necessary, in the competition, as well as thank the election of Gandía to the convening and organizing entities: International Federation of Sea Fishing, Spanish Federation of Fishing and Casting, Fishing Federation of the Valencian Community and Club Esportiu de Pesca de Gandía. We are convinced that it has been an absolute success, for many reasons.

From a strictly sporting point of view, both the Valencian Federation and the Gandía Fishing Club have the endorsement of the experience, the excellent organization of previous championships and the full satisfaction of the participants.

A satisfaction justified also by other aspects, equally important, such as the beauty of the environment and the kindness and good treatment that the Gandians and Valencians know how to dispense. Because, indeed, the Valencian Community is the “Comunitat de l'Esport” not only because of the priority institutional support that is provided but also for other essential elements to form an excellent offer for sports (good weather, environmental quality and the attractiveness of its natural spaces, its facilities ... and the friendly, fun and welcoming character of its inhabitants).

I hope, therefore, that you can enjoy an extraordinary sporting event, but, also, that you find enough time to discover our heritage, our culture or our gastronomy.

Josep Miquel Moya

Director General de Deporte de la Generalitat Valenciana

Diana Morant Ripoll
Mayor of Gandia

From September, 18th to 23th, Gandia crosses borders and acts as a perfect hostess for all the people who participate in the XIV European Float Angling Championship, an international event that gives us prestige as the great sporting and healthy city we are, and as Friendly and welcoming city. Thus, we encourage everyone to enjoy our historic city and our wonderful beaches, and to know the attractive cultural, heritage and gastronomic offer we have.

Gandia breathes sport 365 days a year, from any age and in any specialty, such as sport fishing. Therefore, we Gandians want to share with you all that determined commitment we make for sport as an economic engine and as a culture of effort. In this sense, our commitment to the tourism-sport binomial continues to bear fruit with this prestigious championship that hosts the maximum level of the Float Angling modality worldwide, since there is no World Cup.

It is also a privilege for our city to have the most important fishing club in all of Spain, both by number of members and by its magnificent facilities. For this reason, we would like to thank the tireless work carried out by the Gandia Sports Club that, once again, puts us on the world map of many events related to this sport. And it is that whenever we meet other clubs or federations representatives they congratulate us for having such a representative and exemplary club, which bears the name of Gandia beyond the national level.

Finally, we greatly appreciate the effort of the entire organization, as well as the trust you have placed in the city of Gandia to place it in the spotlight of sport at the international level and make it the European capital of Float Angling.

Diana Morant Ripoll
Mayor of Gandia
