24th World Championship Long Casting of Sea Weights for Senior

8th World Championship Long Casting of the Sea Weights for Ladies

November 5th to 12th 2022 – Asunción, Paraguay

Paraguay

It is an honor to welcome you all to this sporting event that brings us together every year.

It is wonderful for us to be able to host this twenty-fourth Long Casting World Championship for men and eighth in the women's category, which commits us to give each one of those who visit us the best of attention and make them feel the kindness so characteristic of the Paraguayan people.

Carrying out the organization of this world championship is a task that we are already occupying, taking care of detail by detail to be able to offer you the best attention, and that sporting and social success be achieved.

Asunción is the capital of the Republic of Paraguay, which is located in the heart of South America; it is picturesque and still has colonial features that make it a unique city, bordered by the mighty Paraguay River, which on the left side embraces the city.

We want you to discover Paraguay's tourism potential when you visit our country, and make us worthy of future visits that we will feel proud of and that will leave you with indelible memories of Paraguay.

Finally, we want to thank and mention that it is an honor for us that our country is designated as the venue for the 2022 Long Casting World Championship.

Lic. Gonzalo R. Fernández García

President of the FEPAPEDE

The Paraguayan Federation of Sport Fishing (FEPAPEDE) has the pleasure of inviting your Federation to participate in the 24th Long Casting World Championship – Gentlemen and 8th in the Ladies category, which will take place from November 5 to 12 of 2022 in the city of Asunción-Paraguay.

ESSENTIAL ANTI-DOPING ADVICE

Athletes are reminded if they take any medication they must check it against the WADA Prohibited Substance & Methods list.

Particular attention must be paid to the use of anti-hypertensive agents, especially diuretics, which are popular in singular preparation and/or in a combination with other normally permitted drugs.

Diuretics are always forbidden.

For these reasons, it is necessary for every athlete or National Federation to check the list for prohibited substances and process a TUE as necessary. The Therapeutic Use Exemption (TUE) must be granted before taking a prohibited medication.

An application for a TUE must be requested 30 days before taking part in the championships. The application for a TUE must be filled in carefully with your physician/doctor who must authorise the application. A physician's certificate or prescription on its own does not mean that the athlete has permission to use the prohibited substance or method.

The application should be completed either in English or French and send directly to the office of the CIPS President.
