

The 2nd World Championship of Sea Float Fishing will take place from October 7 to 11, 2025, in Menton

FRANCE

The world championship of seaside sport fishing, an exceptional event not to be missed in Menton, for all fishing enthusiasts ! Next autumn, participants from about ten countries will gather to compete in the unique setting offered by what is known as the Pearl of France, between the Mediterranean and the hills. A land of passion, the Sud Region stands alongside those who keep sport fishing alive. Support for clubs, preservation of our coastlines, and promoting our territory internationally: here, we celebrate the sea and its champions!

Good luck to all the competitors, and may the best one win!

Renaud Muselier, Président de la Région Provence-Alpes-Côte d'Azur,
Président délégué de Régions de France.

It is with immense pride and great joy that we welcome you to Menton for the 2nd World Float Fishing Championship. This prestigious event brings together the best anglers from around the globe, each proudly representing their country. We are honored to host you in our beautiful city for this exceptional competition.

Menton, a gem of the Côte d'Azur, boasts numerous attractions. Nestled between the sea and the mountains, it enjoys a mild and sunny climate year-round.

Our lush gardens, beaches, and rich historical heritage make it a favored destination for visitors from all over the world. The old town, with its picturesque streets and colorful facades, reflects our rich past and Mediterranean culture.

In addition to its natural charms, Menton is also renowned for its cultural and sporting events

The World Float Fishing Championship perfectly fits into this tradition of excellence. We are confident that this competition will be a highlight of camaraderie, sharing, and passion for all participants and spectators.

May the competition be wonderful, and may the best angler win!

Yves JUHEL, Maire de Menton et Président de la Communauté de la Riviera française

I'm delighted to share that I learned about the decision of the French Federation of Sport Fishing (FFPS) to host the 2nd Senior World Championship of Float Fishing in 2025. I would like to extend my heartfelt thanks to the Board of Directors of FIPS/Sea, especially its President Gilbert ZANGERLE, as well as the Technical Commission of FIPS/Sea for the trust they have placed in our Sport Fishing Federation. The 2025 edition of this world championship will take place on the beautiful

Côte d'Azur, specifically in the lovely location of Menton.

I have no doubt that CPS Menton will do everything possible to warmly welcome the various national delegations who will honor us by competing for this world title in the best sporting conditions. At this time of year, our beaches in this area are generally very fish-rich, and fishing is productive. However, as everyone knows, fishing is still fishing, and we must also consider the state of the sea and the weather. I wish everyone a great stay on the Côte d'Azur in Menton and the best sporting experiences possible !

Jean Luc QUERNEC

Président de la FFPS

Welcome to the World Sport Fishing Championship in Menton on the Côte d'Azur! Dear fishing enthusiasts and visitors, we are thrilled to welcome you to our beautiful Côte d'Azur for the World Sport Fishing Championship! This prestigious event brings together the best anglers from around the globe, providing a wonderful opportunity to celebrate our shared passion for fishing and showcase the exceptional beauty of our coastline. Nestled between the sea and the mountains, Menton offers an idyllic setting for fishing lovers.

Its crystal-clear waters, rich marine biodiversity, and breathtaking landscapes make our region a true paradise for fishermen. This event is an opportunity to discover the wonders that our Mediterranean Sea has to offer. Beyond the competition, this event is also a celebration of the community spirit that unites all fishing enthusiasts. It's a chance to share experiences, exchanges techniques, and forge connections with fishermen from all corners of the globe. We hope that each of you will leave with unforgettable memories and new inspiration for your future fishing adventures. We would like to thank all the volunteers, partners, and sponsors who contributed to the realization of this event. Your dedication and passion make all the difference and make this event possible. In conclusion, may this week be synonymous with camaraderie, respect for the environment, and, of course, great catches. Enjoy every moment in our beautiful city, and may the passion for fishing unite us all ! Welcome everyone and good luck.

SEBASTIEN TOQUET Président du Club de Pêche Sportive de Menton (CPSM)

**The championship will take place on the beaches of Menton (photo no. 1).
However, depending on the weather conditions, we may move the
championship to Quai Napoléon (photo no. 2).**

SPORTS EQUIPEMENT

1. Fishing rods
Only one rod can be used for this specialty, although other rods can be attached up to the swivel. The maximum length of the rod is 8 meters. Rods without reels are not necessarily equipped with guides.
2. Reels
Possibility to fish with a reel or without a reel
3. Floats
The use of a float, whether fixed or sliding, capable of supporting at least the weight of the sinker and the bait, with a free attachment to the line, is mandatory.
4. Hooks
The Fips-M will provide the commissioners with an official gauge to check the minimum size of hooks used by competitors. If the hook fits into the gauge, it will be considered too small and not allowed, while if it does not fit into the gauge, its use will be permitted. Double or treble hooks, as well as stainless steel hooks and other hooks made from non-corrosive materials, are not allowed.
5. Hamper
Each participant must have at least one container to keep the catches alive.
6. Platform
A fishing platform to set up the seat basket will be useful but not mandatory.
7. Carts
Athletes may need carts to transport their fishing gear. They will have the option to load and unload their equipment from their car next to the fishing spot. After unloading, and during the competition, the carts should not be located near the fishing areas.

RANKING

The ranking system for the competition will be based on the weight resulting from the control and weighing operations, without considering the minimum size of each species. The fish will be kept alive in the keepnet. After weighing, all catches will be released back into the sea to preserve fish species.

BAITS

The organizers will provide 1 complete pack of baits necessary for the competition. The following types of baits will be provided each day to each competitor. This pack includes:

- ½ braided brioche bread
- 250 grams of shrimp
- 2 kg of whole sardines
- 1 box of hard worms
- 2 kg of groundbait.

Price : € 45

These bait packs can be reserved in the desired quantities for training days. The brand and type of groundbait to be used will be announced.

REGISTRATION

Registration must be completed by the federation of each country using the official contact email of the federation. The organizers prefer the electronic registration process as the online system provides faster and more complete information. However, registration can still be completed by filling out traditional registration forms.

KEY RECOMMENDATIONS FOR ANTI-DOPING

Athletes who take medications are required to check if these substances are on the World Anti-Doping Agency (WADA) list of prohibited substances and methods.

Particular care should be taken when using antihypertensives, especially diuretics, which are available both as individual preparations and in combination with other normally permitted medications. Diuretics are always prohibited.

For these reasons, every athlete or national federation must verify the list of prohibited substances and, if necessary, apply for a Therapeutic Use Exemption (TUE). The TUE must be granted before taking a prohibited substance.

The TUE application should be submitted 30 days prior to participation in championships. Application forms must be completed carefully and with the permission of your doctor. A doctor's certificate or prescription does not automatically authorize the athlete to use the prohibited substance or method.

The application must be filled out in French or English and sent directly to the office of the president of CIPS.

Email: office@cips-fips.com

Every athlete has the right to participate in a clean sport.
