1st Big Game World Championship for Clubs

3 - 10 May 2025 – Punta Ala - Castiglione Della Pescaia (GR) - Italy

La Federazione Italiana Pesca Sportiva e Attività Subacquee is honoured to host the 1st Big Game World Championship for Clubs, which will be held in 2025.

Big Game is an exciting discipline that challenges athletes both in terms of their technical preparation and physical performance. It requires considerable concentration and training, which is why it is a complete sport that attracts the interest of many competitive sea and sport fishing enthusiasts. In Italy, we have several locations suitable for the practice of big game fishing that allow for the large-scale diffusion of this sport.

Tuscany and Castiglione della Pescaia will know how to provide the right hospitality for this new international event.

I would like to thank in advance the delegations and all the athletes who will accept the invitation to participate in the championship; I am sure they will have the opportunity to spend unforgettable days. Likewise, I would like to express my gratitude in advance to those who will do their utmost to organise the event.

I hope to see interest from a wide variety of nationalities, and in anticipation of meeting you on the competition venue, I cordially greet you.

FIPSAS President
Ugo Claudio Matteoli

A handwritten signature in black ink that reads "Ugo Claudio Matteoli". The signature is written in a cursive style.

From 3 to 10 May 2025, the whole big game world will have its eyes on the Port of Castiglione Della Pescaia where, for the first time, the Big Game World Championship for Clubs will take place. We chose Castiglione della Pescaia for this first edition of the event because it is an efficient port, with all the necessary infrastructure to guarantee maximum organisation and safety. The evocative natural landscapes will be the setting for this event and will leave indelible memories. The proximity of the island of Elba with its canal means that the waters of the port are full of fish, thus ensuring a good chance of catches.

Tuscany, but in particular the Maremma area, will amaze its participants with its food and wine, friendliness and typical Maremma hospitality that will captivate its guests.

The complex organisation of a Big Game World Championship will be handled in a masterly manner by the Organising Committee, which is supported by one of the most important marinas in Tuscany. The organising company is made up of a group of very young and determined guys who, with this event, will show the whole world their ability and availability. The Italian Federation, with its experience in the organisational venue, will not fail to support this event. I would like to take this opportunity to thank all those who are working to make this world championship an event to remember, and the local authorities who have welcomed it. We look forward to the registration of big game clubs from around the world as an encouragement for future events.

Deputy Head of the FIPSAS Surface Fishing Sector - Sea Division

Stefano Sarti

As coordinator of the Organising Committee, I cannot hide my excitement at seeing a championship of such resonance held in the land and places that are most important to me. All the committee's energies will be directed towards organising and looking after the event, trying to leave an indelible memory. It will be the first event of this type for big game, and we will ensure maximum attention to the nations and athletes in all fishing activities, and no less to those accompanying them, with the initiatives and commitment to making this wonderful land known.

Coordinator Organising Committee
Nicola Coppetelli

Presentation of the Port of Castiglione della Pescaia

<https://visitcastiglionedellapescaia.it/>

<https://comune.castiglionedellapescaia.gr.it/>

The port of Castiglione della Pescaia is located at the mouth of the Bruna River on the Tyrrhenian Sea. It is a **canal port** that is one of the main nautical infrastructures for both tourist mooring and fishing activities.

Protected by a breakwater, with an entrance in the north-western part, it is divided into two port basins: the Castiglione della Pescaia docks and the Castiglionese Nautical Club docks. Beyond the docks is a canal port with 2,000 metres of quays, equipped with 800 berths in the spring and summer period. From the port, cruise ships set sail for the Tuscan archipelago in the direction of Pianosa, Elba, and Montecristo.

From the port of Castiglione della Pescaia, Ambrogio Fogar set sail on 1 November 1973 to sail solo around the world, sailing from east to west, against the currents and the direction of the winds, ending the journey after 400 days at sea. In the Pineta di Roccamare lie the remains of writer Italo Calvino.

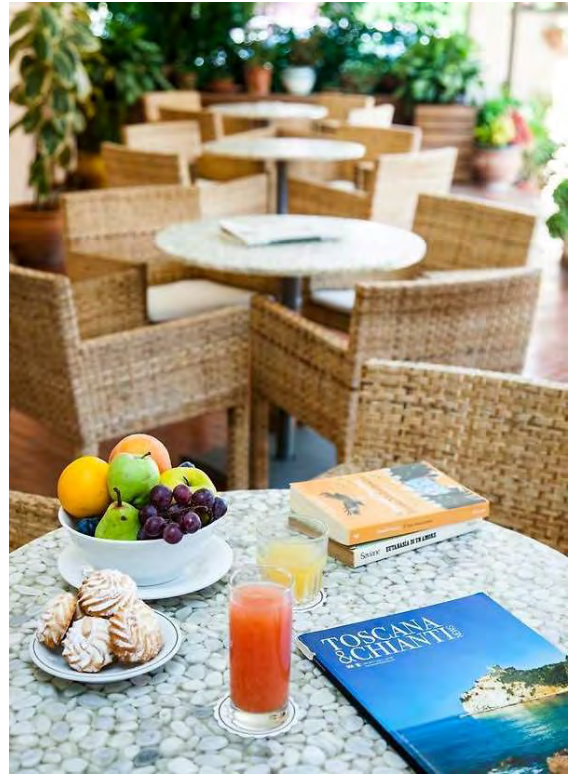

The structure designated to host the athletes' delegations is **HOTEL SABRINA**
via Ricci 12 58043 Castiglione della Pescaia (GR) Maremma Toscana Italia

e-mail: info@hotelsabrinaonline.it Tel. +39 0564 933568 Cell. +39 3314154956

Hotel Sabrina, inaugurated in 1972, is located about 400 metres from the sea and the equipped beach, and is only a few minutes' walk from the old town centre and the pedestrian street. It is 50 metres from the canal port and the berths provided for the event.

Package rates depending on services

1) Full team 4-athlete package (overnight stay, breakfast, dinner, lunch, gala dinner, lunch box for competition days and accommodation in double room)

€ 6.600,00
