XVJJ WORLD CHAMPIONSHIP BOAT ANCHING CLUBS

Del 1 al 8 de noviembre de 2025

Torre Vieja - Alicante - España

Mr. José Luis Bruna i Brotons
President of the Spanish Federation
Fishing and Casting

Dear athletes, captains and delegates:

As President of the Spanish Fishing and Casting Federation, I have the honour of greeting and welcoming the athletes, captains and delegates, as well as the FIPS Mer delegates, who will meet in the waters of Torrevieja between 1 and 8 November, on the occasion of the XVII WORLD CLUBS ANCHORED BOAT FISHING CHAMPIONSHIP.

The city of Torrevieja and the dynamic Alicante Provincial Council, as well as the General Directorate of Sports of the Generalitat Valenciana, have distinguished themselves by their support for sport, as an activity that generates values such as effort, self-discipline, respect and its integrative social capacity, to which are added specific values of sport fishing such as respect for aquatic ecosystems and the natural environment, as well as its great social transversality. This tradition of promoting sport characterises the entire Valencian Community. For this reason, both the Spanish Fishing and Casting Federation and the Fishing Federation of the Valencian Community feel proud and satisfied that this world competition can be held in the wonderful waters of Torrevieja.

The Valencian Community and its entire coastline are a top tourist attraction. During these days you will be able to discover its climate, its magnificent beaches, its historical monuments and its excellent and varied gastronomy.

You will see for yourself how welcoming and hospital they are, every time the world of competitive fishing comes knocking on their doors.

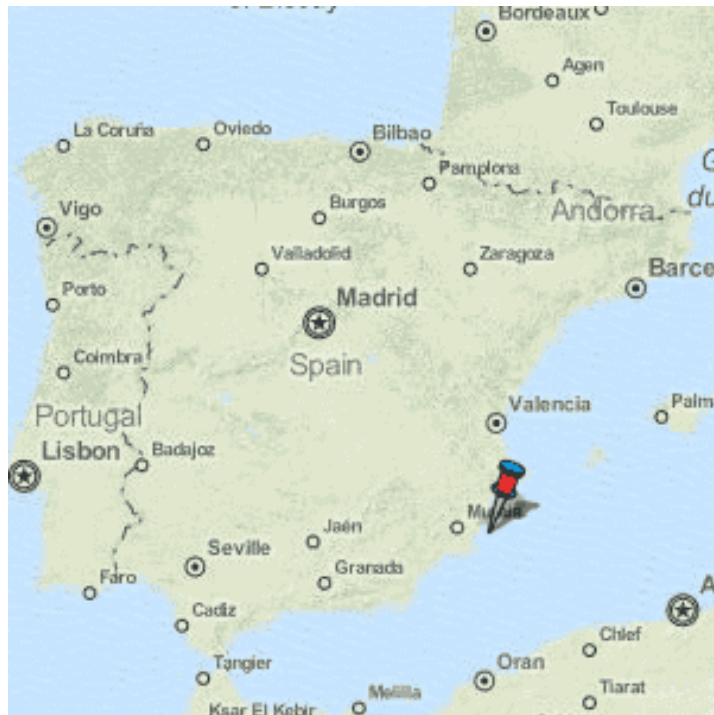

I would like to publicly thank FIPS Mer for granting the organisation of this 17th World Championship of Club Fishing with Anchored Boats, without forgetting the recognition and support that the Higher Council of Sports (CSD) has always given to our sport.

But I would not like to end these lines of greeting and welcome without expressing my satisfaction, my recognition and sincere gratitude to the Fishing Federation of the Valencian Community, for its dynamism, its good management and brilliant promotion of the sport of fishing, which make it one of the great pillars of the Spanish Federation of Fishing and Casting (FEPYC). From here I would like to thank all its organization, all its efficient and enthusiastic collaborators and in particular the Club Náutico Marina Internacional de Torrevieja. I am sure that this World Championship will shine with its own light.

Welcome and may the best man win!
