## 32<sup>nd</sup> World Championship Shore Angling for Clubs

22 to 28 March of 2025

ALBUFEIRA | PORTUGAL

---

### Invite

Dear President,

The Portuguese Federation of Sportive Fishing has the honour to invite the Clubs representing your Country, to take part in the **32<sup>nd</sup> World Championship Shore Angling for Clubs**, that will be held in Albufeira from 22<sup>nd</sup> to 28<sup>th</sup> of March 2025.

Portugal is a welcoming place and sport fishing is a sport practiced by thousands of Portuguese, that have in their Federation the affirmation of their commitment to be, once more, stage to this great international event, mirroring the feeling of our anglers in welcoming the ones who will grace us with their participation.

In the name of FPPD, and in my personal name, I wish all who visit us a great stay and that this Championship reach your expectations and in an environment of peace, fair-play and, above all, friendship.

F.P.P.D.

The President

*Carlos Baptista*

## Welcoming Message

Every year the city of Albufeira hosts events or surfcasting championships. It is a tradition that we maintain and intend to maintain, because our connection with the sea is visceral and provides a revisit to our origins, as a fishing village that lived a lot from the sea and fishing. Substantiating my words, I can't help but say "present" to the upcoming World Championship Shore Angling for Clubs in the next year of 2025, between the 22<sup>nd</sup> and 29<sup>th</sup> of March in the municipality of Albufeira.

It is a source of pride to host this great competition in the city of Albufeira, but it is also a source of additional responsibility, as we know that we will have 20 of the best Clubs in the world and around 200 anglers participating in this international competition. In this sense, there is a lot of groundwork to be done in the most different areas, in order to achieve these results, whether in choosing the best places to hold the competition, in creating the best communication marketing, in recruiting human resources capable of organizing a championship of this size, in the enormous logistical support required, in attracting important support that helps to enhance the event and in the ability to attract the best teams and the best athletes to participate in this championship.

All this work has been prepared exceptionally by the Portuguese Federation of Sport Fishing and the Algarve Regional Association of Sport Fishing, with its entire structure, which includes its governing bodies, its workers, its federated clubs and associations and the entities that are a true support, in which I include the Municipality of Albufeira, with all the consideration I have for them. I believe that only with this work together and with this symbiosis, we can achieve great things and the largest goals. The organization of this World Championship adds value. Sporting value, economic value, financial value, tourist value, cultural value and sustainable value, all essential factors not only for the growth of this sport, but also for the growth of the Algarve region.

It is with great honour and consideration that I write to you. From me, from us, and from the city of Albufeira, you can always count on our greatest dedication and support for another great organization. We stand ready at your side, towards another great success.

I offer you my best regards, with the highest esteem and consideration.

Town Hall Albufeira

The President

*José Carlos Martins Rebelo*

### Albufeira

The progress has turned Albufeira into a city with tourism and leisure as its vocation but the streets in the old Cerro da Vila (mediaeval area) still preserve the picturesque appeal of whitewashed houses and steeply narrow streets. In Travessa da Igreja Velha, an old Moorish arch indicates the place where stood a primitive mosque, later transformed into the town's first church.

On the beach, the bright colours of the fishing boats contrast with the blue of the sea. Indifferent to the tourists sunbathing nearby, the fishermen carry on the task of mending and preparing the nets, as they have done for hundreds of years.

A walk by the sea will offer you a magnificent view over the city, the beaches and the cliffs which are part of the charm of Albufeira. The sidewalk leads to the pretty cave at Xorino, where according to the local tradition the Moors took refuge when the town was reconquered by the Christians in the 13th century.

### Competition Venues:

#### Falésia Beach | Rocha Baixinha Beach

The **Falésia Beach** is also known as the west part of the Rocha Baixinha Beach and it's situated inside the bigger Falésia Beach extended on the long coast. Here, the occidental cliff loses its original and imponent height, giving space to vegetation

### Salgados Beach:

With an extensive sandy area, the Salgados Beach contrasts with the other Albufeira Beaches for the landscape diversity, as instead of cliffs, the background of this beach is formed by a cord of golden dunes. Beyond the dunes, it's the Salgados Lagoon, point of passage of numerous migratory birds.

### Garrão Beach:

At Garrão, the line of cliffs gives way to huge dune fields that stretch all the way to the sandy barrier islands of the Ria Formosa, not very far from here. The beach runs along two valleys separated by a low cliff: the Dunas Douradas Lagoon lies in the valley to the west, while the smaller, ephemeral Garrão Lagoon is to be found in the valley to the east. Both these wetland areas are fresh water, a rarity on this coast and greatly appreciated by many species of aquatic birds.

## Essential Anti-Doping Advice

### **ESSENTIAL ANTI-DOPING ADVICE**

Athletes are reminded if they take any medication

they must check it against the WADA Prohibited Substance & Methods list.

Particular attention must be paid to the use of anti- hypertensive agents, especially diuretics, which are popular in singular preparation and/or in a combination with other normally permitted drugs.

Diuretics are always forbidden.

For these reasons, it is necessary for every athlete or National Federation to check the list for prohibited substances and process a TUE as necessary. The Therapeutic Use Exemption (TUE) must be granted before taking a prohibited medication.

An application for a TUE must be requested 30 days before taking part in the championships. The application forms must be filled in carefully with your physician/doctor who must authorise the application. A physician's certificate or prescription on its own does not mean that the athlete has permission to use the prohibited substance or method.

The application should be completed either in English or French and sent directly to the office of the CIPS President.
