1st World Championship Shore Angling for Athletes with disabilities from 2 till 6 September, Talamone (Grosseto) - Italy

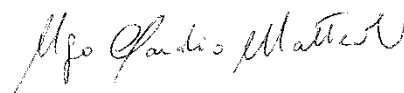

It is with great pleasure that the Italian Sports Fishing and Underwater Activities Federation organises the 1st World Surf Casting Championship for athletes with disabilities.

Surf Casting is the most widely practised sport fishing discipline in the sea in Italy, and the interest it arouses in athletes and the sporting world in general is ever increasing. This motivates the Federation's commitment to promoting this activity, through the organisation of numerous competitions for different categories of athletes throughout the competitive year. Moreover, surf casting is a type of fishing that is particularly suited to the inclusion of special athletes, hence the interest in establishing a championship dedicated to athletes with disabilities. Tuscany is certainly an ideal and intriguing place to practice this sport, both for the beauty of the coastline and the presence of numerous prey. The Talamone coastline offers particularly positive conditions for the best holding of this event.

I would like to thank in advance the delegations and all the athletes who will accept the invitation to take part in the championship, and I am sure that they will be able to enjoy an intense week of real sport. Likewise, I would like to express my gratitude in advance to those who will do their utmost to organise the event.

Looking forward to meeting you on the competition venue, I wish everyone an exciting sporting competition. Italy is waiting for you!

The Town of Talamone

Talamone, a small hamlet of the municipality of Orbetello, is located in the province of

Grosseto, along the coast. It is a rather well-known destination, thanks to its charming historic center perched on a rocky promontory overlooking the sea, its beaches ideal for snorkeling enthusiasts, and its strategic position for exploring both the Grosseto coastline and the Maremma hinterland.

People come to Talamone to relax and take a break from their daily routine, but also for an active vacation. There are plenty of opportunities to enjoy water sports such as kitesurfing and windsurfing, go fishing, or set off by boat to discover some of the most beautiful hidden coves in Tuscany—accessible only from the sea.

Moreover, the historic village of Talamone is home to a few interesting monuments worth visiting. Though small, the town is well-developed from a tourism perspective: there is no shortage of hotels, apartments, and resorts, as well as all kinds of services—from cafés and restaurants to shops and surf schools.
