D. José Luis Bruna i Brotons
President of the Spanish Federation
Fishing & Casting

Dear Athletes, Captains and Delegates,

As president of the Spanish Federation of Fishing and Casting, I have the honour to greet and welcome the athletes, captains and delegates, as well as the delegates of the FIPS Mer, who will meet on the beaches of Peñíscola and Castellón between 16 and 23 November, on the occasion of the celebration of the XXXIII youth world championship and the XXIV junior world championship . The city of Peñíscola and the dynamic Provincial Council of Castellón have distinguished themselves for their support of sport, as an activity that generates values such as effort, self-discipline, respect and its integrating social capacity, to which are added specific values of sport fishing such as respect for aquatic ecosystems and the natural environment, as well as its great social transversality. This tradition of promoting sport characterises the entire Valencian Community. For this reason, both the Spanish Fishing and Casting Federation and the Fishing Federation of the Valencian Community are proud and satisfied that this world competition can be held on the wonderful beaches of Peñíscola and Castellón.

The Valencian Community and its entire coastline are a tourist attraction of the first order. During these days you can get to know its climate, its magnificent beaches, its historical monuments and its excellent and varied gastronomy.

You will see for yourself their welcome and hospitality, every time the world of competitive fishing knocks on your doors.

I want to publicly thank the FIPS Mer for granting the organization of this Mar-Costa World Championship young people and juniors in its 33rd and 24th editions respectively, without forgetting the recognition and support that the Higher Sports Council (CSD) has always given to our sport.

But I would not like to end these lines of greeting and welcome without expressing my satisfaction, my recognition and sincere gratitude to the Fishing Federation of the Valencian Community, for its dynamism, its good management and brilliant promotion of the sport of fishing, which make it one of the great pillars of the Spanish Federation of Fishing and Casting (FEPYC). From here I want to thank all its organization, all its effective and enthusiastic collaborators and in particular the Club de Pesca Cultural Deportiva. I am sure that this World Cup will shine with its own light.

Welcome and may the best win!

DISCOVER CASTELLÓN

Castellón is a province that combines the charm of the sea and the mountains, offering visitors a great diversity of landscapes, activities and experiences. Its coast, known as the Costa del Azahar, stretches for more than 120 kilometres and is home to fine sandy beaches, wild coves, cliffs and dunes. Some of the most outstanding coastal towns are Peñíscola, Benicàssim, Oropesa del Mar, Vinaròs and Benicarló, where you can enjoy the sun, the sea, gastronomy and culture.

The interior of Castellón is a territory of contrasts, where you can find from green and fertile valleys to arid and desert areas, where the medieval town of Morella, located in the region of Els Ports, stands out. With a rich historical and cultural heritage, Morella stands imposing on a hill, standing out for its imposing castle and its medieval walls that surround the town

Nature is the protagonist, with natural parks such as the Sierra de Irta, the Tinença de Benifassà, the Prat de Cabanes-Torreblanca, the Penyagolosa and the Desierto de las Palmas. In these spaces you can practice activities such as hiking, cycling, climbing or canyoning.

The gastronomy of Castellón is another of its attractions, with a Mediterranean cuisine, varied and tasty. Rice is the main ingredient in many dishes, such as paella, arroz a banda, baked rice or rice with lobster. Seafood and fish are also highly appreciated, especially prawns, langoustines, clams, monkfish, tuna or sea bream. Meat and sausages also play a leading role, with lamb, pork, sausage, chorizo or black pudding. Among the typical dishes of the area are the olla de la plana, the tombet, the ximo, the all i pebre or the suquet de peix. To accompany it, there is nothing better than a good local wine, such as Les Useres, Vilafamés or Benlloch. And to sweeten the palate, the most traditional desserts are cocas, sweet potato cakes, caramelized almonds or flaó.

Peñíscola is one of the most beautiful villages in Spain, with its walled old town that juts out into the sea forming a peninsula. There you can visit the Castle of Papa Luna, the Artillery Park, the Casa de les Petxines and the hermitage of the Virgen de la Ermitana, among other attractions

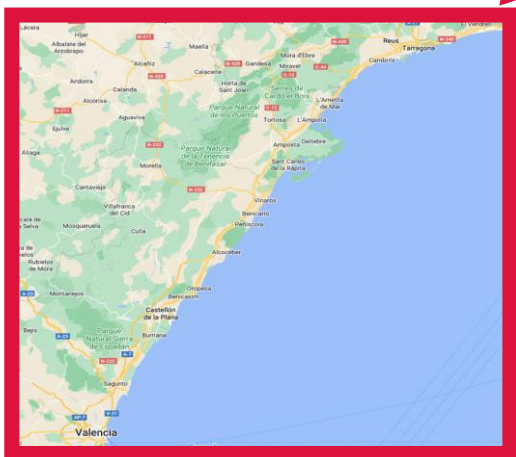

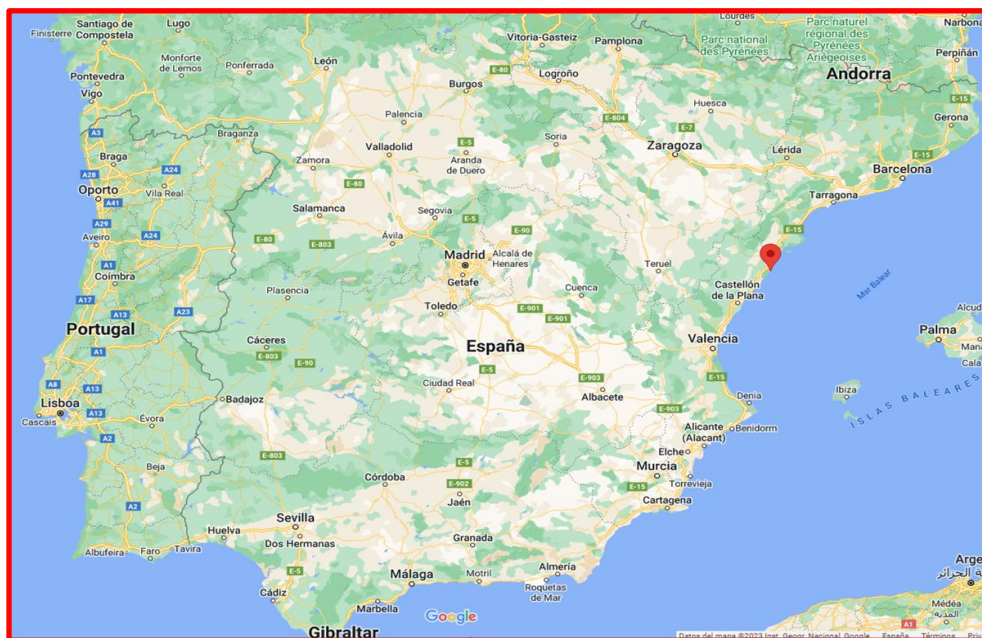

THE 33RD WORLD CHAMPIONSHIP SHORE ANGLING YOUTH AND 24TH WORLD CHAMPIONSHIP SHORE ANGLING JUNIOR are convened by the International Sea Fishing Federation (FIPS-Mer), organized by the Spanish Federation of Fishing and Casting (FEPyC), the Fishing Federation of the Valencian Community (FPCV) with the collaboration of the Sports Cultural Club and under the supervision of the International Committee of the Specialty.
